Re: Civil Action 2:15-cv-07284-AYS

This letter is in response to the conversation my sister Helen Coleman had with Ms. Stephanie Weiner Chernoff.

At this time I am physically challenged due to my severe right ankle fracture. I have recently had surgery and have been instructed to keep my leg immobilized as much as possible. I was informed that there will be a long recovery period. In approximately twelve weeks, I will undergo another surgery to remove a plate inserted to stabilize the ankle.

My resources at this time are extremely limited. I have been completely dependent on family and friends. Due to this injury and finances, I no longer have a vehicle on the road. Therefore transportation is a hardship. Unemployment has been suspended and disability benefits application cannot be filed until I have a medical follow up with the surgeon.

I respectfully request an extension by the court to appropriately address this matter.

Sincerely,

Ronald D. Coleman
